MEMORANDUM FOR: Director of Data Processing

FROM: Charles A. Bohrer, M. D.
Director of Medical Services

SUBJECT: ODP Briefings for Office of Medical Services
Consultants

1. The Office of Medical Services (OMS) has frequently used external consultants to provide independent technical guidance in various aspects of the office ADP programs. As you know, members of your staff have recently completed a CAMPS Data Storage and Retrieval Requirements Study and have recommended that National Information Processing System (NIPS) be used as a Data Base Management System (DBMS) for the CAMPS system data bases. Since we feel this is a major change in the course of the CAMPS ADP programs, we would like to have three of our consultants provide an independent review of the CAMPS programs and the DBMS alternatives. The three consultants are the following individuals:

SUBJECT: ODP Briefings for Office of Medical Services
Consultants

2. We are sending them available unclassified documentation on NIPS, GIM II, and UNIVAC (VARIAN) TOTAL and we will additionally brief them on the present CAMPS DBMS. To assist them to better understand NIPS and GIM II, it is requested a two-hour briefing by appropriate members of your staff be arranged on each of these DBMS to provide an overview and explain significant technical features of each system. It is requested the briefings be set up for 28 September 1977. The C/Div D/ODP has offered to coordinate the necessary arrangements for these briefings. OMS will be happy to make the OMS Conference Room available for the presentations.

Charles A. Bohrer, M. D.
